ARE YOU THE ONE?
BECOME A FREMONT POLICE EXPLORER

Fremont, California is the fourth largest city in the San Francisco Bay Area and home to approximately 220,000 people. Along with its celebrated ethnic diversity, the city boasts over 1,200 high tech firms and is a leader in technological advancement.

"Public safety through professional law enforcement" is the Fremont Police Department's mission. From our command staff to our non-sworn employees, the Fremont Police believe in dedication, integrity, and professionalism in all our efforts. The Police Department is also committed to providing a higher level of service by promoting volunteerism.

The Fremont Police Explorer Program is designed to give teenagers exposure to and understanding of law enforcement. Explorers receive training, participate in ride-alongs with on-duty officers and assist in community service efforts (traffic control, security, inside work experience, etc.). Explorers participate in physical fitness training and build lifelong skills such as teamwork, responsibility, and leadership.

The Fremont Police Department has a long tradition of Explorers who have ultimately become police or community service officers. Others who may choose a different path, take with them the knowledge and background of law enforcement and invaluable life skills.

The culmination of our Explorers' efforts becomes a true test each summer as they attend the San Diego Sheriff's Explorer Academy. Explorers throughout the state of California come together and are put through a "paramilitary" style boot camp. Here, they learn about working as a unit and overcoming obstacles through focus and hard work.

MINIMUM QUALIFICATIONS TO PARTICIPATE:

1. Be between 14-18 years old and attending high school or college.
2. Be willing to volunteer 16 hours a month.
3. Attend weekly Explorer Meetings.
4. Be able to attend the Explorer Academy (always held at the end of July/beginning of August).
5. Maintain a minimum 2.5 GPA.
6. Demonstrate a good level of maturity. A record of criminal violations may be grounds for dismissal from the program.
